

Why Greenstone

Located on the northern route of the Trans-Canada Highway 11, the Greenstone trail system is a snowmobiler's paradise. In a pristine setting of Northwestern Ontario, you may have the trail all to yourself except for sharing it with a moose.

Our climate will almost always ensure you of a long sledding season as winter comes early and stays late. Riding in late February and March as the days warm up, will guarantee more than adequate snowfalls to ensure fantastic trails & an outdoor experience you'll remember.

Our many images / video will show you why our snowmobilers are more than enthusiasts.

Greenstone Snowmobile Loop

“This was an Outstanding Part of the Trip.”

Ontario Snowmobiler Magazine
(FAM Tour 2007)

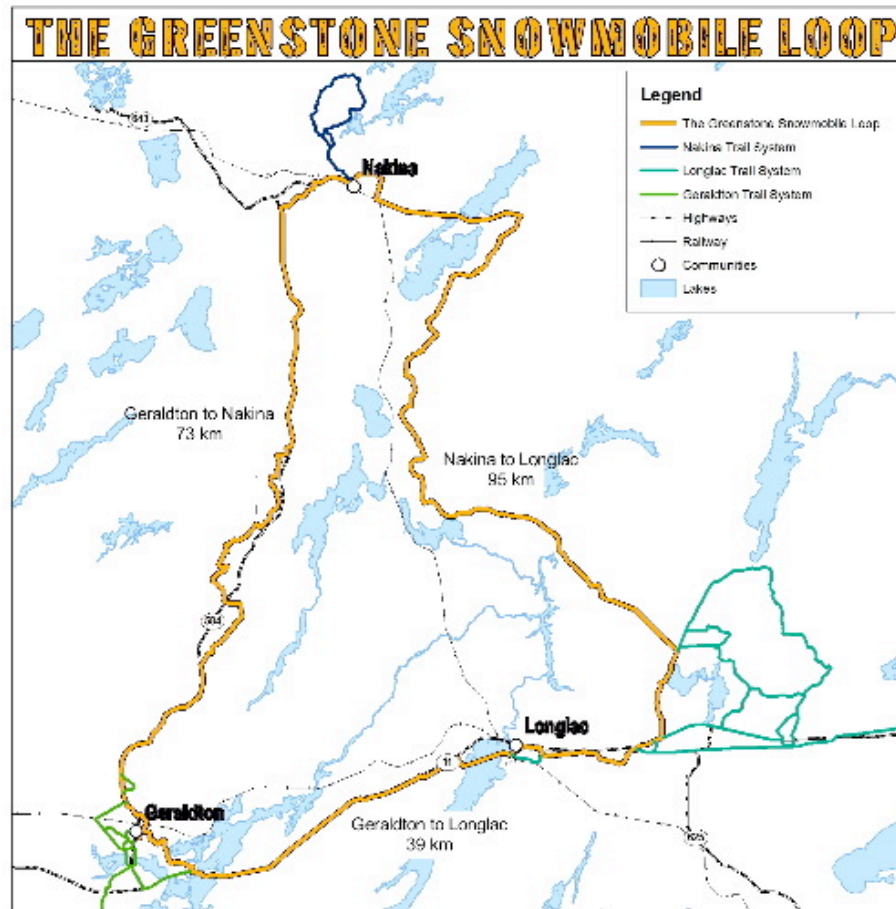

OntarioSnowmobiler

“Their Experience”

Snowmobiling in Greenstone was wonderfully profiled in the 2007 Fall Edition of "Ontario Snowmobiler Magazine" highlighting the Greenstone Loop, the quality of our local trails, and the hospitality shown by the sledders active in our local clubs.

The FAM Tour (which traveled from Bruce Mines to Nakina) had nothing but praise for the experience created by the organizers and our local hosts.

"We fueled our tanks in Longlac and were on the trails again for what were the best trails we would ride on this trip. We were impressed with these trails that were just as wide as the TOPS Trails and it seems you could see forever. The signage was great as well, which guided us right into Nakina. This was an outstanding part of the trip and we're convinced that if this were a TOP Trail, there would be more sledders making the trek to Nakina." (OntarioSnowmobiler Magazine, 2007)

Our Guests

“Your Experience”

The Greenstone Snowmobile Loop traverses over 200 km. of some of the most impressive scenery in Northern Ontario.

This loop lies in the middle of the Municipality of Greenstone connecting the communities of Geraldton, Longlac, and Nakina by an immaculately groomed trail system of snow. The loop can be accessed via the OFSC trails from Hearst to the east, Beardmore to the west or from highways 11 and 17.

Our informative signage and Google Map overlay will guarantee you safe and adventuresome experiences. Off the beaten trail allows you the enjoyment of deep powder riding over miles of unused logging roads or through the virgin forests.

Lodging and a variety of unique shops and services can be found in each of the three communities.

We welcome you to include the *Greenstone Snowmobile Loop* in your next snowmobile adventure.
